It is cold. Snow and ice cover the (9)

. What did some Inuit use to

build their homes? Snow and ice, of (10) !

HOME ABOUT US SERVICES CONTACT

Welcome to BuildersChoice.com!

Builder's Choice is the #1 source for materials, including ...

Cements & Aggregates

Mix your own concrete with our sand, gravel, and cement, or choose our ready-mixed concrete. We'll even deliver it to your site!

Bricks & Mortar

Low-maintenance bricks resist weather and fire. Unlike many contemporary styles, traditional bricks have a timeless, classic appearance.

Natural & Manufactured Stone

Granite, marble, slate — we have it all! Construct durable floors and walls. Enhance your architectural features with decorative stone.

Metal Beams & Bars

Our steel I-beams are 98% iron and 2% carbon. They're built to last! Our rods of rebar come in 20, 40, and 60 feet. We also provide custom cuts.

5. Relate the concept to the definition

Mortar

Concrete

Cement

<ul style="list-style-type: none"> - Binding element in both concrete & mortar - Made of limestone, clay, shells, & silica sand - Sets & hardens when combined with water 	<ul style="list-style-type: none"> - Made of cement, sand, & gravel - Used for building foundations, slabs, patios, & masonry - Most flexible, forming into any mold & rock hard 	<ul style="list-style-type: none"> - Made of cement & sand - Used as the glue to hold bricks, blocks, etc. together - Various types available for specific applications
