B9. Most people nowadays have a mobile phone, and it is difficult to imagine living without every one.
B10. While in the past phones may have been a luxury, I believe they are now a necessity either. Phones
B11. allow people to communicate easily with each other and make them social arrangements such as
B12. meeting friends. This is been especially necessary nowadays because friends and family members do
B13. not live such close to each other. Another reason is that many people depend on their phones to do
B14. their jobs well. People who are often required to check emails when they are away from their office,
B15. and being able to communicate in this way allows them to make far important decisions more easily.
B16. Lastly, phones can rather keep people safe. You can call for help if you are in danger, and your
B17. phone might even save your life if you have an accident as you can make use it to call an ambulance.
B18. In its conclusion, I believe that it is not possible to live in the modern world without mobile phones.
