<u>**READING**</u>
5. Read the blog.
Upcycle it! by Antonio Costa
You know about recycling – turning old paper, metal, or glass into new materials. But do you know about upcycling? Upcycling is when you use old things to make something new, and better!
How can you upcycle?
I like to make hats and bracelets with plastic bags. My sister makes garden chairs with old car tires. We don't spend a lot of money on the materials. We use trash from our neighborhood. Don't worry! We clean the materials before we use them! Later, we sell some of the things online, but we also sell them at street markets.
Why upcycle?

Name _____ Class _____ Date _____

We like upcycling because we don't throw away useful things, and we can make nice things for people to use. Upcycling is fun, and we earn some money, too! Do you have any cool upcycling ideas? Let me know in the comments!

Write T (true) or F (false) next to the statements.
1 When you upcycle, you use an old thing to make a new one. _____
2 Antonio's sister upcycles old plastic bags. _____
