

# GEOMETRY VOCABULARY & FIGURE MATCH

**HOMEWORK**  
**3/22/2021**

**DIRECTIONS:** Match the vocabulary to the correct definition.

- |    |                                                                                        |   |   |                     |
|----|----------------------------------------------------------------------------------------|---|---|---------------------|
| 1. | An exact location in space represented by a dot with a capital letter.                 | ● | ● | Line                |
| 2. | The endpoint that is shared in the angle.                                              | ● | ● | Line Segment        |
| 3. | Part of a line with two endpoints and includes all the points between those endpoints. | ● | ● | Point               |
| 4. | Created by two rays that share one endpoint.                                           | ● | ● | Vertex              |
| 5. | A set of connected points continuing with no end in both directions.                   | ● | ● | Ray                 |
| 6. | A part of a line that has one endpoint and continues infinitely in one direction.      | ● | ● | Parallel lines      |
| 7. | Special lines that intersect to form right angles.                                     | ● | ● | Intersecting lines  |
| 8. | Lines that lie in the same place and do not intersect.                                 | ● | ● | Perpendicular lines |
| 9. | Lines that cross each other and have one point in common.                              | ● | ● | Angle               |

**DIRECTIONS:** Match the figure to the correct vocabulary word.

|    |                                                                                     |                       |                       |                     |
|----|-------------------------------------------------------------------------------------|-----------------------|-----------------------|---------------------|
| 1. |    | <input type="radio"/> | <input type="radio"/> | Line                |
| 2. |    | <input type="radio"/> | <input type="radio"/> | Line Segment        |
| 3. |    | <input type="radio"/> | <input type="radio"/> | Point               |
| 4. |    | <input type="radio"/> | <input type="radio"/> | Vertex              |
| 5. |   | <input type="radio"/> | <input type="radio"/> | Ray                 |
| 6. |  | <input type="radio"/> | <input type="radio"/> | Parallel lines      |
| 7. |  | <input type="radio"/> | <input type="radio"/> | Intersecting lines  |
| 8. |  | <input type="radio"/> | <input type="radio"/> | Perpendicular lines |
| 9. |  | <input type="radio"/> | <input type="radio"/> | Angle               |
