One of the most remarkable changes that has happened in our society is the empowerment of women. In the past, 1. \_\_\_\_\_ played an important role in determining a person's education and employment. 2. \_\_\_\_\_, women were confined to doing domestic work and were not allowed to study or work outside their homes. Today, social scientists 3. \_\_\_\_\_ that women have almost equal status in many communities. They have 4. \_\_\_\_\_ their abilities in running businesses and performing important jobs. They also have proved that they can face 5. \_\_\_\_\_ competition from their male counterparts and succeed..
