BEKONSCOT
Model Village

There are many model villages in the UK, but Bekonscot Model Village in Beaconsfield is one not to miss.

Visitors can explore six towns and villages on a site the size of two football pitches. One special attraction is a ten-mile track model railway through the whole place. As many as twelve trains can operate at the same time, going through tunnels, crossing bridges over rivers and a lake, passing the windmill and the castle, and stopping at the stations.

Walk down Bekonscot Town High Street, past the police station and school. Bend down and look in the windows to see the people inside! Visit the zoo with miniature animals and the small fishing village with little boats in the harbour.

Bekonscot Model Village is one hour by car from London. That's close enough for a day trip, but there are too many things to see in just one day!
