5) Read the text and answer the questions:

Thousands of years ago, the ancient Egyptians invented the loom, a machine used to make clothes, blankets, and beautiful fabrics from linen. Before building a loom, an engineer or skilled worker would draw a blueprint to show the size, shape, and parts needed. Then, the workers would carefully assemble the wooden pieces. Using the loom required a lot of skill because the threads had to be moved precisely up and down. The Egyptian loom could produce fine and colorful fabrics, showing the creativity of the ancient Egyptians. Today, modern textile machines are inspired by this ancient invention.
