

1. Read the story. Choose a word from the box. Write the correct word next to the numbers 1-5.

Example

classmates family borrowing later art hour factory skiing fetch use

Michael is in London. He flew there last week with some of his classmates. They're having English lessons at a college in the city centre. He's talking and sending messages to the other people in his family on the internet. He does this in his afternoon lesson break.

His father, Jim, teaches ⁽¹⁾ but he's at home now. His mother, Mary, is a businesswoman. She's visiting a ⁽²⁾ in China where they design apps and make laptops and tablets. His sister, Emma, is in another country too. She's ⁽³⁾ with her class in the mountains!

Michael's family had to think carefully about a good time to talk to each other because the time is different in each of the four countries. Michael can ⁽⁴⁾ the computer room in London at 4 p.m. Back at home, his dad turns on the computer at 7 p.m. to talk. After a day in the mountains, Emma goes online in her hotel at 5 p.m. But their conversation is much ⁽⁵⁾ for Michael's mother. Where she is, it's 1 a.m!

3. Read the paragraph, then read the questions and choose the correct names.

Swans

Swans are the largest water birds

Example

..... in the world. You often see wild swans on lakes or rivers. Most swans are white, but you can see black swans in some countries.

in of on

1

Swans look lovely but be careful if one

2

..... really near to you. If a swan suddenly frightened, it will try to fly away and might hurt you. Swans have really strong wings!

1

also next too

2

comes coming came

3

Their necks are than any other birds' necks because they use them to help find food in the water. In a river are lots of plants and insects for swans to eat!

3

feel feeling feels

5

Swans live together in pairs or families. Young swans don't usually leave their parents

6

..... the next new babies join the family.

6

during before by

7

Some swans don't like winter weather so when it starts getting colder, wonderful birds begin the long journey

7

this all these

8

..... warmer environments.

8

on to at

9

Wild swans usually live for about twenty years but swans live in places like zoos live for fifty years!
