

$$704 - 385 =$$

A number line with three points: 385, 400, and 704. A blue arc labeled '5' spans from 385 to 400. Another blue arc spans from 400 to 704.

$$706 - 377 =$$

A number line with three points: 377, 400, and 706. A blue arc labeled '3' spans from 377 to 400. Another blue arc spans from 400 to 706.

$$512 - 355 =$$

A number line with three points: 355, 400, and 512. A blue arc labeled '5' spans from 355 to 400. Another blue arc spans from 400 to 512.

$$706 - 467 =$$

A number line with three points: 467, 500, and 706. A blue arc labeled '3' spans from 467 to 500. Another blue arc spans from 500 to 706.

$$812 - 385 =$$

A number line with three points: 385, 400, and 812. A blue arc spans from 385 to 400. Another blue arc spans from 400 to 812.

$$822 - 365 =$$

A number line with three points: 365, 400, and 812. A blue arc spans from 365 to 400. Another blue arc spans from 400 to 812.

$$812 - 282 =$$

A number line with three points: 282, 300, and 812. A blue arc spans from 282 to 300. Another blue arc spans from 300 to 812.

$$703 - 485 =$$

$485 + \underline{\hspace{2cm}} = 703$

$$703 - 456 =$$

$456 + \underline{\hspace{2cm}} = 703$

$$703 - 373 =$$

$373 + \underline{\hspace{2cm}} = 703$
