doors

Morgiana marks all the ~~windows~~ in the street, and Arshad can't find Ali Baba's house. He goes to the merchant's shop, and gives two gold coins to Baba Mustafa. Baba Mustafa takes him to Ali Baba's house, but Morgiana is watching through the door.

Arshad comes back later. He is in the clothes of a salt merchant. He has fifty jars with him. He wants to stay at Ali Baba's house. Ali Baba says, 'Yes' to this. So Arshad puts his jars in front of Ali Baba's house.

Later, Morgiana needs oil for her lamp. She learns something interesting. There are thieves in forty-nine of the jars! They want to come out and help Ali Baba!

Morgiana puts some cold oil in the jars, and the thieves die. Arshad finds his dead men in the jars, and he slowly leaves Ali Baba's house.
