

Primary Methods	1. Cooling	2. Oxygen Depletion	3. Chain Inhibition
-----------------	------------	---------------------	---------------------

Secondary Methods	A. Cooling B. Oxygen Depletion	C. Vapor Suppression D. Heat Transfer Cooling
-------------------	-----------------------------------	--

Primary Method	Agent	Secondary Method
Oxygen Depletion	Foam	
	Water	
	Carbon Dioxide	Cooling
Chain Inhibition	Dry Chemical	
	Dry Powder	
	Wet Chemical	
	Clean Agent
