

I know that I won't live _____

I fought with death a _____ times

And I came out on _____

What's one more night? Let's risk it hard and chase the feeling

Of dancin' on the _____ 'til the music stops

So pour some'n _____ or don't pour at all

'Cause a night like this could be the last one

So I'll drink until my liver and my head put up a _____

I'll stay up till the sun is red and every barrel's dry

All the ones that got me here are _____

here tonight

Raise a _____ to always living life like we

ain't born to die

Like we ain't born to die
