

Arrange the song!

Thank You, Everyone!

To the backstage crew.

We say a big thank you!

The cast would like to say thank you,

For doing our hair and make-up,

Practicing lines, and what to say.

Has everyone been working?

Sewing costumes, painting sets,

Through the night and day.

Thank you to the musicians,

If we didn't have you.

And the lighting crew.

The performance wouldn't be possible,

There wouldn't be a show.

If there weren't an audience,

For coming to watch our show.

But most of all we thank you,
