

## ENGLISH WORKSHEET

Read the text

Sofía is a ninth-grade student in a school in Cali. She lives with her mother and her grandmother. Every morning Sofía wakes up at 5:50 a.m. She prepares breakfast and drinks hot chocolate before going to school.

Her classmate Daniel sits next to her in English class. He likes English because he wants to travel in the future. Sofía likes English too, but her favorite subject is Biology.

Sofía and Daniel have two close friends: Valentina and Andrés. They usually meet during the break. They talk about school, share snacks, and sometimes play basketball in the school yard.

After school, Sofía goes home and studies for her classes. Daniel sometimes practices soccer in the park near his house. In the evening, their group of friends often chats online and helps each other with homework. They usually sleep at about 10:30 p.m. because they have classes early the next day.

**A.** Choose the correct option

1. Sofía wakes up at:
  - a) 5:50 a.m.
  - b) 6:30 a.m.
