

MY CLASSMATE ALEX

My name is Alex and I am eleven years old. I am a student and I am in fifth grade. I am not new at school. My best friend is in my class.

I have got short hair and glasses. I am tall and I am very friendly. I have got one sister. She is small and very funny.

At school, I can read and write very well. I can speak English, but I can't speak French. I like English classes and I listen to the teacher every day. I study at home and I do my homework in the afternoon.

In my free time, I play football and I watch TV. I don't play video games every day. On weekends, I help my parents and I talk to my friends.

I am happy at my school.

1 - Answer the questions
