

In many countries, the roles of men and women doing household chores are changing.

Take Josep as an example. He lives in Spain. Now his wife works, so Josep \_\_\_\_\_ more household chores than before. His wife, Maria, used to do all the cleaning, mopping, sweeping, washing, and ironing clothes as well as dusting. However, now Josep \_\_\_\_\_ and \_\_\_\_\_ the clothes. At the weekend, he \_\_\_\_\_ out in the kitchen as well. He \_\_\_\_\_ the sink, stove, and \_\_\_\_\_ the dishes. Josep doesn't \_\_\_\_\_ the floors. When Maria has free time, she \_\_\_\_\_ and \_\_\_\_\_ the floors as well as \_\_\_\_\_ the beds. She \_\_\_\_\_ things around the house too.
