

Write <, > or = to complete the statements.

$$\frac{70}{100} \bigcirc 7\%$$

$$60\% \bigcirc 0.06$$

Which of the values are **greater** than 50%?

0.5	0.6	0.61	0.49
0.05	0.35	0.55	0.9

1. Write <, > or = to complete the statements.

$$\text{a) } 50\% \bigcirc \frac{5}{100}$$

$$\text{c) } 0.58 \bigcirc 51\%$$

$$\text{b) } 25\% \bigcirc \frac{50}{100}$$

$$\text{d) } 0.2 \bigcirc 20\%$$

2. Which of the fractions are greater than or equal to 50%?

$$\frac{10}{50}$$

$$\frac{4}{5}$$

$$\frac{50}{100}$$

$$\frac{30}{80}$$

$$\frac{1}{50}$$

$$\frac{70}{140}$$

3. Sam, Annie and Tommy are thinking of different percentages.

Sam

My percentage is equivalent to 0.4

Tommy

My percentage is greater than Sam's, but less than Annie's.

My percentage is equivalent to $\frac{1}{2}$

Annie

a) What percentage could Tommy be thinking of?

Tommy's percentage is a multiple of 7

b) What could Tommy's percentage be?
