

G5 MATHS WORKSHEET T2W6

TASK 1 : Find the answers?

1. Fill in this table to show how many seconds there are in minutes:

minutes	seconds
1 minute	
2 minutes	
3 minutes	
4 minutes	
5 minutes	

2. Convert these minutes and seconds times into seconds. The first one has been done for you. Show your working out:

a. 1 minute 30 seconds:

$$1 \text{ minute} = 60 \text{ seconds}$$

$$60 + 30 = 90$$

Answer: **90 seconds**

b. 2 minutes 10 seconds:

Answer: _____

c. 1 minute 45 seconds:

Answer: _____

d. 2 minutes 25 seconds:

Answer: _____

e. 3 minutes 10 seconds:

Answer: _____

3. Convert these seconds times into minutes and seconds. The first one has been done for you. Show your working out.

a. 70 seconds:

$$1 \text{ minute} = 60 \text{ seconds}$$

$$70 - 60 = 10$$

Answer: **1 minute 10 seconds**

b. 200 seconds:

Answer: _____

c. 195 seconds:

Answer: _____

d. 135 seconds:

Answer: _____

e. 125 seconds:

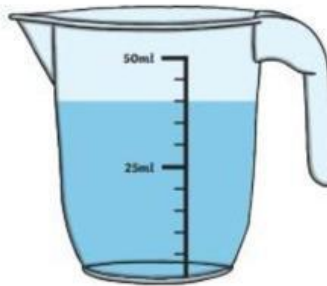

Answer: _____

TASK 2 : Find the answers?

Approximately how much water is in each jug?

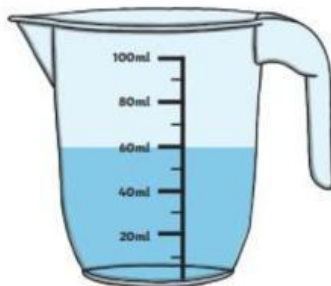

1. _____ ml

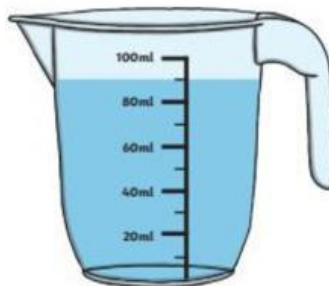

2. _____ ml

3. _____ ml

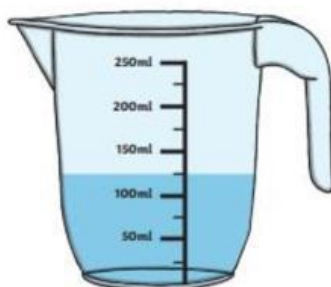

4. _____ ml

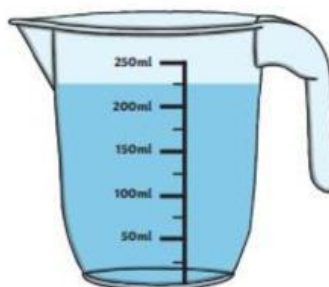

5. _____ ml

6. _____ ml

7. _____ ml

8. _____ ml

9. _____ ml
