

Lesson 1 : Effect of Geosphere (Types of Mountains)

Compare between types of mountains :

Fault-block Mountains - One plate goes under another - Folded Mountains
Plates slide past each other - Volcanic Mountains - Plates push together (collide)

<p>Feature</p>			
<p>Type of Mountain</p>			
<p>How it Forms?</p>			
<p>Example</p>	<p>Himalayas</p>	<p>Sierra Nevada</p>	<p>Cascade Range</p>
