Dangling Modifiers – LVL 3

L.O. Summarize texts by identifying the central idea and selecting key supporting details, then rewriting them concisely in their own words.

What is a dangling modifier?

A dangling modifier is a word or phrase that describes, clarifies, or gives additional detail about a word or phrase that is not clearly or logically present in the sentence. It often appears as an introductory phrase that incorrectly describes the subject immediately following it. They make sentences confusing and can be corrected by adding a subject.
