

Name: _____

M9L2 Measuring Angles and Arcs

Example 2 Practice Question

$\overline{AC}$ and $\overline{EB}$ are diameters of $\odot R$. Identify each arc as a *major arc*, *minor arc*, or *semicircle*. Then find its measure.

Major Arc	Minor Arc	Semicircle
360	50	100
130	210	180

Arc	Type	Its measure
$m\widehat{EA}$		
$m\widehat{CDA}$		
$m\widehat{DEB}$
