A (1) \_\_\_\_\_ wizard lived in a dark tower. He was a (2) \_\_\_\_\_ and (3) \_\_\_\_\_ master to a tiny (4) \_\_\_\_\_ sprite. The sprite was always (5) \_\_\_\_\_ because it was afraid. A (6) \_\_\_\_\_ dragon guarded the tower's treasure.

One day, a (7) \_\_\_\_\_ girl named Lily came to the forest. She met a (8) \_\_\_\_\_ old tree who gave her a special book. Lily wanted to visit the tower, but the dragon was too scary. The sprite saw Lily and decided not to be submissive to the wizard anymore.

With the sprite's help, Lily entered the tower. The wizard's anger disappeared. He was not (9) \_\_\_\_\_ anymore. He was just very (10) \_\_\_\_\_. Now the wizard is kind, and everyone is happy.
