

last weekend, I visited Bahrain Fort with my family. It is one of the most famous historical places in Bahrain. We went there in the afternoon when the weather was nice and sunny.

When we arrived, I saw the big walls of the fort. They are made of old stones and look very strong. We walked around and explored many parts of the fort. I saw rooms, towers, and open spaces where people lived a long time ago. I learned that this place is very important because it tells us about the history of Bahrain.

We also saw the beautiful sea near the fort. The view was amazing, and the air was fresh. Many people were taking photos and enjoying the place so much . I took many pictures with my family.

The most thing I liked was walking to the top of the fort. From there, I could see everything around me. I felt happy, excited, and proud of my country. It was a wonderful visit, and I hope to go there again soon.

1. Where did the writer go last weekend?
 - A. A museum
 - B. Bahrain Fort
 - C. A park
 - D. A mall
2. When did they visit the fort?
 - A. In the morning
 - B. At night
