TEST

Task 1

Complete the text with the correct words from the box. Use each word once.
Заповніть пропуски словами з рамки. Використайте кожне слово один раз.

Text 1:

On a modern construction site, many specialists work together to complete a project efficiently and safely. At the planning stage, the _____ **(1)** is responsible for designing the building and preparing detailed drawings. During construction, the _____ **(2)** installs and repairs water supply and drainage systems inside the building. At the same time, the _____ **(3)** works with materials such as bricks and mortar to construct walls and other structural elements.

All activities on the site are organised by the _____ **(4)**, who supervises the workers, checks progress, and ensures that the work follows the schedule. When heavy materials need to be moved to higher levels, the _____ **(5)** operates specialised equipment to lift and position loads accurately.

Word box:
crane operator
bricklayer
architect
site manager
plumber

Text 2:

On a large construction site, safety and precision are essential. Before lifting any materials, the crane operator must check that the _____ **(1)** are fully extended to stabilise the machine. Heavy loads are attached using a _____ **(2)**, which is carefully fixed to the hook. During operation, the operator may need to _____ **(3)** the boom in order to position the load correctly. At the same time, another worker controls the movement of the cable using a _____ **(4)**. Finally, materials such as concrete are often transported across the site on a _____ **(5)** to ensure stability and easy handling.

Word box:
winch
outriggers
pallet
rotate
sling

Task 2

Choose the word that does NOT belong in each group.
Знайдіть зайве слово в кожному рядку.

1.
scaffolding – ladder – planking – crane

2.
brick – timber – glass – electrician

LIVEWORKSHEETS

3.
rotate – extend – retract – brick

4.
helmet – gloves – safety glasses – concrete

5.
kitchen – bathroom – bedroom – crane operator

Task 3

Read the definitions and match them with the correct words from the box. Use each word once. Прочитайте визначення та доберіть до них правильні слова з рамки. Використайте кожне слово один раз.
