1. Read the text and answer the following questions:

Technology in Our Daily Life

Khalid and Merra use technology every day. Khalid uses his smartphone to call his friends and visit a website. Meera uses her laptop to do her homework and learn new things.

At school, their teacher writes on a whiteboard and sometimes uses a touchscreen to show lessons. Khalid listen to music with his headphones, and Meera types her work on a keyboard.

Khalid wears a smartwatch to check the time, and Meera uses a strong password to keep her information safe. Technology helps Khalid and Meera learn,communicate,and have fun .
