

Name the type of pollution shown in the picture

 A cartoon illustration showing a cityscape with a factory emitting smoke, cars on a road, and two children standing in the foreground. The air is filled with grey smoke clouds, representing air pollution.	 An illustration of an underwater scene where several pieces of plastic trash, including bottles and bags, are floating in the water. A fish is also visible, representing water pollution.
 A cartoon illustration of a boy riding a bicycle next to a globe. The globe is covered in trash bags and litter, representing land pollution.	 An illustration of a blue car with sound waves and the word 'HONK' in a red starburst, representing noise pollution.
 A cartoon illustration of a globe surrounded by various electronic devices like a smartphone, a laptop, and a tablet, with lines radiating from them, representing light pollution.	 An illustration of a large pile of trash and garbage, including plastic bottles, food waste, and other debris, representing solid waste pollution.
 A cartoon illustration of a person pouring black liquid from a bucket into a body of water. A small boat with a fish is nearby, representing thermal or chemical pollution.	 An illustration of a city skyline with several factories emitting thick grey smoke into the sky. Cars are visible on the road in the foreground, representing industrial pollution.
