

Healthy Living Advice

If you want to avoid problems like **stomachache, sore throat, cough, toothache**, or even **fever**, you should eat **healthy food** instead of **junk food**.

A plate of **rice, meat, and potatoes** gives your body strength, while **too much unhealthy food** like **chips** can make you feel **tired and sick**.

Adding **fresh strawberries** is a smart choice because they protect your teeth and **keep you active and fresh**.

When you feel a sore throat, **drinking warm herbal tea can help you** and if you have a cough or fever, **resting well** is the best medicine.

And when you go out, **wearing a top, jumper, dress or abaya** makes you feel comfortable and confident throughout the day.
