Let's revise Making Questions

My name's Philip, and I'm 11 years old. I live with my parents, my little sister Jane, and my cat Gary.
Recently, my dad bought a house in a different neighbourhood and we had to move. So now we have to attend a different school and make new friends.
My new school is not near my new home, so on the first day of school, my mum and dad picked me and my sister up from school. But we will start taking the bus from now on. For the first time in my life I have to get to school by bus.
I got to know my new neighbours, who are really nice people. There's a kid my age whose name is Bobby, and I hope we can become friends. Something I like about Bobby is that he has got five cats!
