LIVEWORKSHEETS

Teacher:	Did you ever see a statue before?
Student:	Yes, I did. They are made out of clay, stone or metal, right?
Teacher:	That's right! Do you know how they are made?
Student:	Hmm, I am not sure.
Teacher:	Well, sometimes, artists use clay to make statues. They shape the clay and then bake it in an oven to make it hard. Other times, they use stone or metal and carve it into the shape of a statue.
Student:	Wow, that's really cool!
Teacher:	Yes, it is. I remember once I saw a statue that had long, curly hair. It was really pretty. Did you ever see a statue like that?
Student:	No, I didn't. But I saw a statue with straight hair.
Teacher:	Oh, that's interesting.
Student:	I wish I could make a statue like that.
Teacher:	Well, you can! Actually, we are going to make statues in class today. We will use clay to make them. What do you think we should do?
Student:	Hmm, how about a statue of a person dancing?

Teacher:	That's a great idea! We can also add a necklace made out of metal to make it look even better. How tall and thin or fat do you think the person should be?
Student:	I think they should be really tall and thin, or maybe a little bit fat, like my grandpa.
Teacher:	Alright then, let's get started on making our statues!
