

## Testing The Result

### A. Kadar Air (MC, %)

| Sampel (Bahan)   | m <sub>c</sub> (g) | m <sub>o</sub> (g) | m <sub>1</sub> (g) | MC (%) |
|------------------|--------------------|--------------------|--------------------|--------|
| Ulangan 1        |                    |                    |                    |        |
| Ulangan 2        |                    |                    |                    |        |
| Ulangan 3        |                    |                    |                    |        |
| <b>Rata-rata</b> |                    |                    |                    |        |
| <b>SD</b>        |                    |                    |                    |        |

### B. Kadar Abu (AC, %)

| Sampel (Bahan)   | m <sub>c</sub> (g) | m <sub>o</sub> (g) | m <sub>1</sub> (g) | AC (%) |
|------------------|--------------------|--------------------|--------------------|--------|
| Ulangan 1        |                    |                    |                    |        |
| Ulangan 2        |                    |                    |                    |        |
| Ulangan 3        |                    |                    |                    |        |
| <b>Rata-rata</b> |                    |                    |                    |        |
| <b>SD</b>        |                    |                    |                    |        |

### C. Nilai Kalor (HV, kJ/g)

| Sampel<br>(Bahan) | m <sub>w</sub><br>(kg) | T <sub>0</sub><br>(°C) | T <sub>1</sub><br>(°C) | ΔT<br>(°C) | m <sub>b</sub><br>(g) | Q<br>(kJ) | HV<br>(kJ/g) |
|-------------------|------------------------|------------------------|------------------------|------------|-----------------------|-----------|--------------|
| Ulangan<br>1      |                        |                        |                        |            |                       |           |              |
| Ulangan<br>2      |                        |                        |                        |            |                       |           |              |
| Ulangan<br>3      |                        |                        |                        |            |                       |           |              |
| Rata-<br>rata     |                        |                        |                        |            |                       |           |              |
| SD                |                        |                        |                        |            |                       |           |              |
