

A) Read the story.

Today, Ladybug and Cat Noir have a very strange mission. Animals are appearing in different places in Paris. There are some birds in the library, a fish in a café, and a cow near the movie theater. People are confused and don't know what to do.

Ladybug asks, "How many animals are there in the city?" Alya answers, "There are a lot of animals everywhere!"

Cat Noir looks at a bag and asks, "Whose bag is this?" Alya says, "It's mine! I was taking photos for my blog."

Ladybug checks the situation and says, "There isn't much time. We need to act fast!" She looks at the animals and explains, "These animals don't belong here. The fish should be in the ocean or a river, the cow on a farm, and the birds in the sky or in the forest."

Cat Noir smiles and says, "Don't worry, we have a lot of ideas!"

Together, they take the animals back to their natural habitats. In the end, Paris is safe again, and all the animals are happy.
