The Places We Live-Houses

Houses are the places people live in. Special belongings are kept in houses. Special people come to visit.

Houses keep people warm, dry and protected. People can sleep, eat food and play in their house.

Houses can be made from different materials like bricks, woods, tiles, concrete and steel.

Type of houses

Match the vocabulary with the meaning.

- bricks : A. A building material made from a mixture of broken stone or gravel, sand, cement, and water
- tiles : B. Small rectangular block typically made of fired or sun-dried clay, used in building.
- concrete : C. A thin, flat piece used for covering roofs, floors, walls.

Write the vocabularies for these phrases.
