Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

In 2022, the UK celebrated the Queen's Platinum Jubilee with an extra bank holiday, creating a four-day weekend for millions. This raised the number of bank holidays in England and Wales to nine, while Scotland and Northern Ireland had ten and eleven respectively. Many enjoyed the celebrations, but this also **sparked debate** about introducing more bank holidays permanently.

Supporters argue that extra bank holidays could help the economy, especially for tourism, retail, and hospitality, which suffered during the pandemic. Research shows mixed results. Small UK shops made an average of £253 more on bank holidays, while retail sales increased by 15% in sectors like DIY and gardening. Another study estimated a new bank holiday could add £500 million to the economy.

However, critics highlight the costs. Businesses might lose productivity, and struggling companies may find it difficult to afford extra paid holidays. The government is **cautious**, claiming each bank holiday creates a significant economic cost.

Bank holidays also bring non-economic benefits. They improve morale and allow people to relax and connect with family. Whether to add more bank holidays depends on balancing these social and economic factors.

Question 31. What is the main idea of the text?

- A. The Queen's Platinum Jubilee introduced a new permanent bank holiday.
- B. The UK has fewer bank holidays compared to other European countries.
- C. Adding more bank holidays has both economic and social pros and cons.
- D. Bank holidays only benefit sectors like tourism and retail.

Question 32. The phrase **sparked debate** in paragraph 1 is CLOSEST in meaning to _____.

- A. started a discussion
- B. continued a fight
- C. caused misunderstanding
- D. ended an argument

Question 33. What is one reason supporters believe more bank holidays could benefit certain industries?

- A. Employees would work harder after taking a day off.
- B. Sectors affected by the pandemic would see higher earnings.
- C. Fewer holidays would encourage people to save money.
- D. Paid time off would reduce stress in the workplace.

Question 34. According to the text, why might some businesses struggle with extra bank holidays?

- A. They cannot afford to pay staff for not working.
- B. They lose customers because people travel more.
- C. They must close permanently after every bank holiday.
- D. They see reduced sales in DIY and gardening sectors.

Question 35. What evidence is given to show the economic benefit of bank holidays?

- A. Bank holidays reduce the costs of paid staff leave.
- B. Struggling businesses earned higher profits on holidays.
- C. More people started DIY and gardening projects on holidays.
- D. Bank holidays helped retail sales rise by 15% in certain sectors.
