---Answer---

Part 1: Fill in the Blank Answers

1. **wakes** (Rule: Add -es to verbs ending in 'e' or -s/-sh/ch/x/o; wake ends in 'e', so just add 's'. Wait, wake -> wakes. Correct.)

Correction/Refinement: Actually, "wake" adds "s". **wakes**.

2. **go** (Rule: Subject "We" uses base form).

3. **brushes** (Rule: Verbs ending in 'sh' add "-es").

4. **play** (Rule: Subject "They" uses base form).

5. **rises** (Rule: Verbs ending in 'y' preceded by consonant change 'y' to 'ies'? No, "rise" ends in 'e', just add 's'). -> **rises**.

6. **do** (Rule: Subject "I" uses base form).

7. **watches** (Rule: Verbs ending in 'ch' add "-es").

8. **cooks** (Rule: Subject "My mom" = She, add 's').

9. **sleep** (Rule: Subject "Cats" = They, use base form).

10. **studies** (Rule: Verbs ending in consonant + 'y' change 'y' to 'i' and add 'es').

Final Key for Part 1:

1. wakes

2. go

3. brushes

4. play

5. rises

6. do

7. watches

- 8. cooks
- 9. sleep
- 10. studies

Part 2: Matching Answers

- 11. **B** (Wake up happens in the early morning)
- 12. **C** (Lunch is mid-day)
- 13. **A** (Sleeping happens at night)
- 14. **D** (Homework is often done before school or right after, but in this context, it fits best as an afternoon/evening activity or pre-school prep depending on the specific logic, but looking at options: Option D says "Before going to school". Usually homework is after. Let's re-evaluate the matching logic for clarity.)

Revised Logic for Grade 5 Clarity: 11. Wake up -> B (Early morning) 12. Have lunch -> C (Middle of day) 13. Go to sleep -> A (At 8:00 PM / Night) 14. Do homework -> D (This option text "Before going to school" might be tricky. Let's assume standard routine: Homework is often done after school. However, given the limited options, let's look at Option D again. If Option D is "After school", it would be perfect. Since the prompt provided generic options, let's align strictly: * Wake up = Early morning (B) * Lunch = Middle of day (C) * Sleep = Night (A) * Brush teeth = Morning/Night (E) * Homework = ? (The remaining option D is "Before going to school". This is unusual but acceptable for some schedules, OR the student must match the *best* fit. Let's assume the question implies "When do you typically do these?" * *Self-Correction for the generated worksheet:* To ensure accuracy, I will map them logically:

11. Wake up -> B 12. Have lunch -> C 13. Go to sleep -> A
14. Do homework -> D (Assuming a morning study session
or the only remaining slot, though typically it's evening. For
the sake of the exercise, we match the remaining pair). 15.
Brush teeth -> E

*Let's refine the matching key for the final output to be
unambiguous:* 11-B, 12-C, 13-A, 14-D (Contextual fit), 15-
E.

Final Key for Part 2:

11. B
12. C
13. A
14. D
15. E

Part 3: True or False Answers

16. **F** (Grammar error: "She go" should be "She goes". The
sentence is grammatically incorrect).

17. **F** (Most people eat breakfast, making this statement
false as a general rule).

18. **T** (Plausible statement).

19. **F** (Grammar error: "The teacher teach" should be "The
teacher teaches").

20. **T** (Biologically true fact presented as a routine).

Final Key for Part 3:

16. F
17. F
18. T
19. F
20. T
