

B2 Vlog-style Mediation: Shop smart, shop safely

Teacher Del, OSL Sant Vicent

Task: You and your partner have a vlog called *Shop smarter* in which you discuss trendy topics. Your followers have asked you to post a video on how to keep personal data safe when buying online. You have to prepare the script and record it (5 minutes max). Student A tackles tips 1 to 5; student B deals with tips 6 to 10.

1. Unique passwords (Elements: 159 // AmZ // *@#)	 <p>The illustration shows a person in a suit pushing a shopping cart filled with various items. The background is a digital space with floating icons of padlocks, shields, and a globe, symbolizing online security. A smartphone and a laptop are also visible, representing digital commerce.</p>	10. Trustworthy VPN (Virtual Private Network)
2. Two-factor authentication		9. Suspect any strange links or super deals
3. Shop on safe websites		8. Keep your devices and apps updated
4. Public Wi-Fi, an unnecessary risk		7. Don't save bank card details
5. Safe online payment methods		6. Check info about sellers
