

Task 8

Read the problems below and give suggestion for each problems.

1 Hello! I am very nervous about my presentation tomorrow. There are so many knowledgeable participants. More especially, there will be questions from them after my presentation.

2 My neighbors usually drink beer and wine until late at night and talk very loudly. I'm afraid if I talk to them, I may have a conflict with them. But I can't stand this situation at all.

3 I really long to visit Komponentsom Beach one day, but I never have enough money to spend on this trip. No one lends me any money even though I haven't tried it yet? Any solutions?
