SEKOLAH MENENGAH PERTAMA (SMP)**

LEMBAR SOAL

Mata Pelajaran : Bahasa Inggris
Kelas /Semester : VII (Tujuh) / 2
Hari/Tanggal :
Waktu : 07.30 – 09.30 (120 menit)

A. Choose the correct answer by crossing on A,B,C or D!

This text is for question no. 1 to 5.

My Classroom

This is my classroom. It's spacious and comfortable. There are chairs and desk for students and a teacher. One desk is for two students and one chair is for one student. There are a whiteboard at the front and an LCD projector hanging on the ceiling. The projector is directed to the whiteboard.

There are cabinets behind the teacher's desk to keep books and other items. There is a clock above the cabinets. There are a washbasin and hand dryer at the front, beside the whiteboard. We wash our hand there.

1. What is the purpose of the text?
A. To describe writer's classroom.
B. To tell about writer's classmate.
C. To promote writer's classroom.
D. To give information about school events.
2. What does the writer's classroom look like?
A. Narrow and comfortable.
B. Large and comfortable.
C. Narrow and crowded.
D. Large and crowded.
3. Where is the whiteboard?
A. Between students' chairs and desks.
B. Hanging on the ceiling.
C. At the front, beside washbasin.
D. Between washbasin and hand drier.
4. What things are used to keep the book and items?
A. Desks
B. Chairs
C. Cabinets
D. Washbasins
5. What should the students do to keep them healthy in the class?
A. Clean the whiteboard.
B. Keep the book in the cabinets.

- C. Sit in front of whiteboard.
- D. Wash their hands in a washbasin.

This text is for question no 6 to 10.

This is my school science laboratory. It is spacious and comfortable. It has large windows for good circulation. We use this room mostly for conducting experiments. We have to wear white coats while doing so.

In the laboratory, there are long desks and many stools for students and a desk and chair for a teacher. There is also a whiteboard at the front, near the entrance door, and an LCD projector hanging on the ceiling. The projector heads to the whiteboard. At the back, there is an air conditioner on the wall. It cools the room. It is also completed with materials and tools to conduct experiments. We have to clean and keep them in the cabinet after using them.

6. What is the text about?
A. The writer's school facilities.
B. The writer's story in laboratory.
C. The writer's experience doing experiment.
D. The writer's school science laboratory description.
7. What does the writer's school science laboratory look like?
A. Large and comfortable.
B. Narrow and comfortable.
C. Narrow and crowded.
D. Large and crowded.
8. What things do students use to sit in the laboratory?
A. Chairs.
B. Desks.
C. Stools.
D. LCD projector.
9. Where is the whiteboard?
A. At the back of the room, near the entrance door.

- B. At the front of the room, near the entrance door.
 - C. At the front of the room, hanging on the ceiling.
 - D. At the back of the room, near LCD projector.
10. What should students do after doing experiment?
- A. Keep the tools in the cabinets.
 - B. Wash the white coats.
 - C. Clean the white board.
 - D. Clean the cabinets.

This text is for question no. 11 to 15.

Scouts are a mandatory extracurricular activity. It means that all students must join. We have it every Friday between 2 PM and 4 PM. During the activity, we wear scout uniforms with hats and scarves. we always have a hoisting flag ceremony before starting the activity and an alighting flag ceremony to end the activity. We learn about marching, rigging, first aids, and tent pitching. In scout, we camp and track. We also play games for fun, collaboration, and friendship. We also have several programs for communities, such as working bees and charity events. Attending scouts give us priceless experiences, skills, and adventure.

11. Scouts are a mandatory extracurricular activity. It means that ...
- A. All students must join.

12.00-12.40						

Questions!

31. What subject do students have on Monday?
32. What subject do students have on Friday?
33. When do students have Indonesian language?
34. When do students have Natural Science?
35. What time do students start class everyday?
36. What time do students leave school on Friday?
37. How long do students have on the second break?
38. How many times do students have English in a week?
39. What is the last subject on Thursday?
40. What is the lesson on Thursday after Social Science?

Essay

This text is for question no. 41 to 45.

The students in my school attend extracurricular activities after school. Scout and religious activities are obligatory. The student attends scout every Friday between 2 PM and 4 PM. The religious activities are every Saturday between 2 PM and 3 PM. Further, we have to choose two other extracurricular activities. There are *pencak silat*, dancing, English, Youth Red Cross, broadcasting, science, basketball, and futsal.

I attend scout and religious activities, and join English and dancing club. I attend English Club every Monday. In the English Club, I improve my spoken and writing English skills. My friends and I also practice speaking with Native and study English by playing games. Meanwhile I practice dancing every Wednesday. In the dancing club, we dance traditional and modern dance. We also combine them. We often make of our performances and upload them to our school channel.

41. What extracurricular activities do students have to join?
42. When does the writer have scout and religious activities?
43. How many extracurricular activities do the school have?
44. What skills do the english club member get after joining the activities
45. When do the writer have the free time after school?

This text is for question no. 41 to 45.

This is my school. It is large and comfortable. My school has two floor. It has 24 classrooms, a large teacher's room, a principal room, a staff office, a library and an art room. It also has a computer, a language and a science laboratories.

There are a basketball court at the back and a large field on the left side of the building. The students, principal, teachers, and school staff do a flag ceremony in the field. The students also use the field for several extracurricular activities. My school also have large and shady garden. Many students love spending their break time there. Few of them may have a chat, while other using the hot-spot facility to access the internet.

46. What does the school look like?
47. How many classroom does the school have?
48. What kind of laboratoy does the school have?
49. What is the field used for?
50. Where do many students use the hot-spot to access internet?
