

What's your act/talent? Singer/dancer

Why should you be on YGT?

I've been watching your show since it started, and I love it. I've been dancing since I was five years old and I'm good at singing, too. I've been taking singing lessons for three years. I haven't been going to auditions for very long, so I'd love a chance to come on the show. I've been practicing in front of the mirror and now I'd like a chance to perform in front of you, on stage. I have an awesome costume, too.

What's your act/talent? Singing with my dog

Why should you be on YGT?

My act is different from any other act. Popsy and I have been practicing together for six months. We've been singing together since she was a puppy. She's got a great voice and you'll love her costume. I'd love an audition for your show. I've been trying for a year now. We've been working really hard together, but we haven't been getting any auditions. I don't know why.
