

MY SUMMER HOLIDAY...

Last summer, I went to Greece with my family for two weeks. First, we stayed in a small hotel near the beach in Athens. The weather was very hot and sunny, so we spent a lot of time swimming and relaxing.

Then, we visited some famous historical places. I took many photos and bought souvenirs for my friends. The food was delicious, and I especially enjoyed eating fresh seafood in local restaurants.

After that, we travelled to a small island by boat. We explored the town, walked along the beach, and watched the sunset every evening. The island was beautiful and very peaceful.

Finally, we returned home feeling happy and relaxed. It was one of the best holidays I ever had because I spent quality time with my family and discovered a new culture.
