## J Writing: Developing main points

Read the text and think of one word to complete each sentence.

### Money does not make you happy

Many people say that money makes you happy. However, not everyone has the same opinion. I believe that money does not make you happy.

To <sup>1</sup> \_\_\_\_\_ clear, I think that money can help you buy experiences that you can enjoy. However, I believe these only last a short time, and do not bring real happiness. For <sup>2</sup> \_\_\_\_\_, eating at a nice restaurant is a nice experience, but you only enjoy it in that moment.

On the other <sup>3</sup> \_\_\_\_\_, there are many other things that can make a person happy. Many people who do not have a lot of money are not sad at all, because they have something else that is important, <sup>4</sup> \_\_\_\_\_ as friends and family. In <sup>5</sup> \_\_\_\_\_, people who feel they have achieved something feel positive about their life.

In <sup>6</sup> \_\_\_\_\_, money can only make you feel good for a short time, and for me, this is not the same as happiness.

## I Speaking: Giving opinions

Six sentences are missing from this text. Choose the correct sentence for each gap. There are three sentences you do not need.

Dave Have you seen this? That new footballer is getting paid 500,000 euros per week! That seems a lot.

Max I know. <sup>1</sup> \_\_\_\_\_

Dave What do you mean by that?

Max <sup>2</sup> \_\_\_\_\_ Their work is harder, and it's really important. They should get paid more for that.

Dave That's true, but sportspeople have a very difficult job too. And they entertain us. That's important!

Max <sup>3</sup> \_\_\_\_\_ And there are cheaper ways to entertain people.

Dave I suppose that's true.

Max And what about dangerous jobs? <sup>4</sup> \_\_\_\_\_ For example, firefighters are in danger every day. I think we should support them more.

Dave That's a good point. The sports industry makes a lot of money from advertising though, and the industries you mentioned don't make money in the same way. There wouldn't be a way to pay the people who work in them such a high amount.

Max <sup>5</sup> \_\_\_\_\_ The government could give those industries more money, for example.

Dave Maybe ... I think it's more difficult than that. It's hard to find enough money for everyone who needs it.

Max <sup>6</sup> \_\_\_\_\_ Maybe they should make the football industry give money to people who deserve it more!

Dave Now that's not a bad idea!

- A I'm not sure I agree that it's difficult.
- B In my view, people should get paid more for doing jobs that are helpful for society.
- C That's a good point, and maybe they should.
- D OK, you have a point. Perhaps the industries that make money should take more responsibility for others.
- E For me, all jobs are equally important – there's no doubt about it.
- F In my opinion, footballers should get paid a lot more than doctors.
- G You can't deny that some jobs are more dangerous than others.
- H Well, it seems to me that a doctor's work is more important than a footballer's.
- I I see what you mean, but I think there are other ways of dealing with the problem.
