VIII. Choose the **best word** to complete the passage below.

In many countries, festivals are an important part of the culture. These festivals are celebrations of traditions, food, and music. In some countries, there are festivals for harvests or to celebrate the change of the season. For example, in Japan, there is a festival called "Tanabata," where people write their wishes on paper and hang them on bamboo trees. This festival is usually celebrated (23) _____ summer.

In many countries, festivals also bring families and communities together. For example, during the Chinese New Year, families meet to share special meals and give gifts to each other. People also wear traditional clothes on this occasion, such as *ao dai* in Vietnam, *kimono* in Japan, or *hanbok*

in Korea. There are usually parades with dancing and music. (24)____, festivals can help people learn about their (25)_____ and traditions.

Festivals are also a great time to try new foods. In Mexico, people celebrate the Day of the Dead, a festival that honors family members who have passed away. During this time, people make (26)_____ dishes, and (27)_____ families decorate their homes with flowers and candles. These celebrations help people remember and keep their culture alive.

No matter where you go, festivals are a wonderful way to experience the rich culture of a country.

IX. Read the passage and choose the best answer.

In the past, books were the only way to learn new things. People would spend hours in libraries reading books to gather information. Today, technology has made learning much easier. Computers and smartphones allow us to access information quickly and from anywhere.

Many students use computers for their homework. With the internet, they can find answers to their questions in just a few seconds. Computers can also help students improve their writing skills, play educational games, and watch online lessons.

Many learners also use mobile apps on their phones to study. These apps help them to practice lessons and learn new skills. With simple designs and interactive activities, they make learning more convenient and interesting.

Another popular way to learn is by watching videos. Platforms like YouTube have many educational channels where students can watch lessons on almost any subject, from science to history.

Learning today is easier and more fun than ever before. Thanks to technology, we have more ways to explore the world and develop new skills.
