

Name: _____ Date: _____

ZOMBIE LABORATORY

THE FIRST CONDITIONAL

We use the first conditional to talk about real or possible situations in the future and their results.

IF + present simple,
WILL + base verb

1 DRAG AND DROP

Complete the first conditional sentences.
Drag the correct result to each situation.

- If you touch an infected zombie,
- If you don't wear gloves in the lab,
- If you finish the antidote,
- If the zombies break the door,
- If you stay calm during an attack,
- If you mix the wrong chemicals,
- If we work together,
- If you call for help,

- | | | | |
|--------------------------|---------------------------|---------------------------|-------------------------|
| we will save the school. | you will become infected. | you will get hurt. | the zombies will enter. |
| we will stop the virus. | it will explode. | you will create the cure. | help will arrive. |

2 MATCH

Match the beginning of the sentence (1–10) with the correct ending (A–J).

- | | | |
|---------------------------------|---|------------------------------------|
| 1. If you eat zombie food, | ● | A. the zombies will come in. |
| 2. If you see a zombie, | ● | B. you will get stronger. |
