DIEGO IN THE JUNGLE – COMPEHENSION EXERCISE PART 1

Today, Diego visits a jungle with a guide who carries a map and walks near a big river and a tall tree. In the jungle, there are many animals, including three monkeys in the trees and two parrots sitting on a branch.

One tree has a nest, while another has long vines hanging down. Many insects move on the ground, and a tiger with strong legs and sharp teeth lives near the river. Two snakes with long bodies also move through the grass.

INSTRUCTIONS: Read the text and answer the questions. Use full sentences

Example: ***What does the tiger eat?****

The tiger eats meat.

1. Where does the guide walk?

_____

2. What do the monkeys do in the trees?

_____

3. What do the snakes have?

_____
