

Look at the picture and write steps to make kratong.

How to make kratong

Things you'll need:

.....

.....

Verbs:

.....

.....

Steps:

- cut or slice a banana trunk, this will be the kratong's base.
- attach some leaves of banana around the sliced banana trunk. Make sure that the leaves are pointing upward. Use small pins to hold the leaves into place.
- attach another layer of banana leaves onto the sliced banana trunk. This time, have the leaves appear alternately with the first layer.
- cut the lower parts of the banana leaves so you have a clean base.
- cut out many long strips of banana leaves, fold the leaves into petals, and attach them to the side of the base and on the base.
- polish the other side of the sliced banana trunk. This step will make the kratong appear clean. Accomplish this by attaching enough flower onto the banana trunk.
- decorate the kratong. Embed some flowers on it.
- placing small candle, flowers, incense, sticks, and some coins.
