

**Direction:** Fill in the blanks with the correct words from the box.

**Word Box:** agriculture    atmosphere    devastation    gas  
gasoline    greenhouse    harmful    industry    vehicle    vinyl

Today, our planet faces a big challenge called climate change. Human activities are changing the (1) \_\_\_\_\_ — the layer of air that protects the Earth. Every day, millions of people drive a (2) \_\_\_\_\_, like a car or a motorcycle, to go to work or school. Most of these transportations run on (3) \_\_\_\_\_. When we burn this fuel, it releases (4) \_\_\_\_\_ and (5) \_\_\_\_\_ gases into the air. These gases work like a blanket, trapping heat around the world.

It is not just about cars. Big (6) \_\_\_\_\_ and factories also pollute the environment. They produce many things we use daily, such as plastic and (7) \_\_\_\_\_ bags. Furthermore, modern (8) \_\_\_\_\_, like large rice fields and cow farming, adds more (9) \_\_\_\_\_ gases to the sky. If we do not stop this, it will cause a great (10) \_\_\_\_\_ to our beautiful nature. We will see more dangerous storms, floods, and hot weather. It is time for everyone to protect our home before it is too late.
