Vacation time!

1. **Write** down the name of the following **vocabulary picture:**

2. Tell your teacher **the answers of the listening comprehension** questions: if you got it right, your teacher will write "**yes**" and if you got it wrong "**no**".
   Each question is one point:

1. Why is a nature reserve usually the best place for wild animals to live?
2. What should a good zoo have so animals do not feel stressed?
3. How can you tell if the water and tanks in an aquarium are good for the fish?
4. What do responsible aquariums do to help injured marine animals?
5. What can a nature reserve do to stop problems like illegal hunting or littering?
6. What is the most important goal of a good zoo: entertainment, or education and conservation?
