READING AND GRAMMAR

Course: 4th Section: A - B - C Teacher: Lcda. Daniela Delgado Lavayen.

1. Read the text

City and Countryside

Look at Thomas. He lives in the city with his mom and dad. There are many people in the city and many cars, too. City life is busy! There is a lot to do in the city. People like going shopping and going to the movies. There are bookstores and malls, and there are parks and zoos, too. Families that live in cities can do many things together.

This big, happy family lives in the countryside. The children are cousins. They like living with their uncles and aunts and their grandparents. There are many things to do in the countryside, but it is very different from the city. In the countryside, children can take off their sandals and run! They enjoy doing things in nature. Swimming in the lake and looking for bugs and frogs is fun!
