Last Sunday, my class went on a trip to a small eco-farm near the city. We left school at 7 a.m. by bus. When we arrived, the weather was cool and fresh. The farmer welcomed us and explained how he grows vegetables without chemicals.

During the visit, we are usually very excited when we see animals, but that day was even more special. We saw cows, goats, and chickens. I tried feeding the goats, and my friends helped collect eggs. It was harder than I expected.
