D. If the Earth greener, we will be healthier and happier.

Read the following sign or notice and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions.

Question 29:

LIVEWORKSHEETS

A. Go out
B. Exit
C. Run out
D. Turn right

Question 30:

A. Be careful
B. Be quiet
C. Be calm
D. Be happy

Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

We know that we will pollute the environment if we do not use materials wisely. People have **founded** many programmes to save materials and protect the environment. 3Rs is one of them. 3Rs stands for Reduce, Reuse, and Recycle.

Reducing means we reduce the amount of waste we produce. This is the best way to help the environment. If we do not **reduce** the waste, we will polluted our environment more seriously.

Reusing is using the items again. For example, plastic bags can be reused if it is still new. We should not throw away reusable things but store and use them for other purposes.

Recycling is chaning the waste materials into new products. For example, we recycle waste paper to make carton boxes. We should recycle as many things as possible.

If we reduce, reuse and recycle our resources, we will save energy and money. Moreover, we will help to prevent pollution and global climate change.

Question 31. What is the main idea of the passage?
A. The benefits of plastic bags.
B. The importance of 3Rs (Reduce, Reuse, Recycle)
C. How to make new products.
D. Different kinds of pollution.

Question 32. Which word has the same meaning as "**founded**" in the passage?
A. Created B. closed C. destroyed D. wasted

Question 33. Which word is the OPPOSITE of "**reduce**" in the passage?
A. Increase B. Save C. Protect D. Clean

Question 34. Which of the following is NOT TRUE according to the passage?
A. 3Rs stands for Reuse, Reduce, and Recycle.
B. Reusing means using items again.
C. Recycling does not help protect the environment.
D. Reducing waste is the best way to help the environment.

Question 35. What will happen if we do not reduce waste?
A. The environment will be more polluted.
B. We will save more energy
C. We will have more reusable things
D. People will stop using plastic bags.

Question 36. Why should we recycle waste paper?
A. To throw it away quickly
B. To create new products like carton boxes
C. To make the environment dirtier
D. To use plastic bags.

LIVEWORKSHEETS
