QUESTIONS 6-10

Read the article about three people who are interested in nature.

For questions 6-10, mark **A, B, C** in your answer sheet.

My love of nature

A Sarah

When I was a child at school, I collected books about nature. My classmates and friends all spent their free time playing computer games, so to them I suppose I was a bit strange. I loved learning about animals from other countries, but as I got older I found out that my own country has interesting nature too, and that's what I like studying now. I do lots of drawings of nature, and I put them on my blog.

B Pilar

I love birds and animals because of all the visits to forests and lakes we made when I was at school. It's a shame that things have changed so much now. In my opinion, children these days don't learn enough about nature, so lots of them are afraid of insects, for example. I have a great job because of my love of nature. I'm a nature photographer. It's brilliant, except for the early mornings!

C Lia

A few years ago I read a blog with beautiful photos of animals, birds and plants, which made me start really looking at what lives around us. It was just a hobby at first, but now it's my job as I visit schools and give talks about nature. I love it. The only problem is if I am asked to draw a picture. I enjoy it, but I'm terrible at drawing! I'm going to take some lessons to try to get better.

6. Who became interested in nature from seeing someone else's blog?

A. Sara B. Pilar C. Lia

7. Who says there is something about her job that she doesn't like?

QUESTIONS 11-15

For questions 11-15, mark A, B, or C on your answer sheet.

My three favourite school subjects, by Annabelle Plume

A Biology

I love biology because we discuss all kinds of important things. The time passes quickly in class and usually we don't finish our work before the end of the lesson. Then we have to take it home to do. That's OK because we download free videos and write notes about what we learn. Sometimes in class we use special equipment to do tests. I really enjoy this activity because we're allowed to choose who we work with, and my two best friends and I can be together.

B Geography

I've always loved geography because I'm really interested in different places in the world. We sometimes go into the playground to draw the countryside around the school, but it's a pity we can't do trips to places like the beach or the mountains. The teacher gave everyone in the group a textbook to take home, but we had to get our own colouring pens and pay for a software program for drawing maps.

C History

I didn't use to enjoy history that much, but now I love watching programmes about the subject in my free time. So far this year, our group has been to two museums, and I think we'll visit a few other places before the end of the year. At the moment, we're studying the history of medicine and learning about some very strange medicines and equipment. The teacher gives us information and we have to write lots of notes in our exercise books. If we want, we can draw a few pictures for homework.

11. Which subject offers students several trips?
